Connecting Through Campus Cats

Campus Cat Support Service

Team 2

Project Overview

Why We Started?

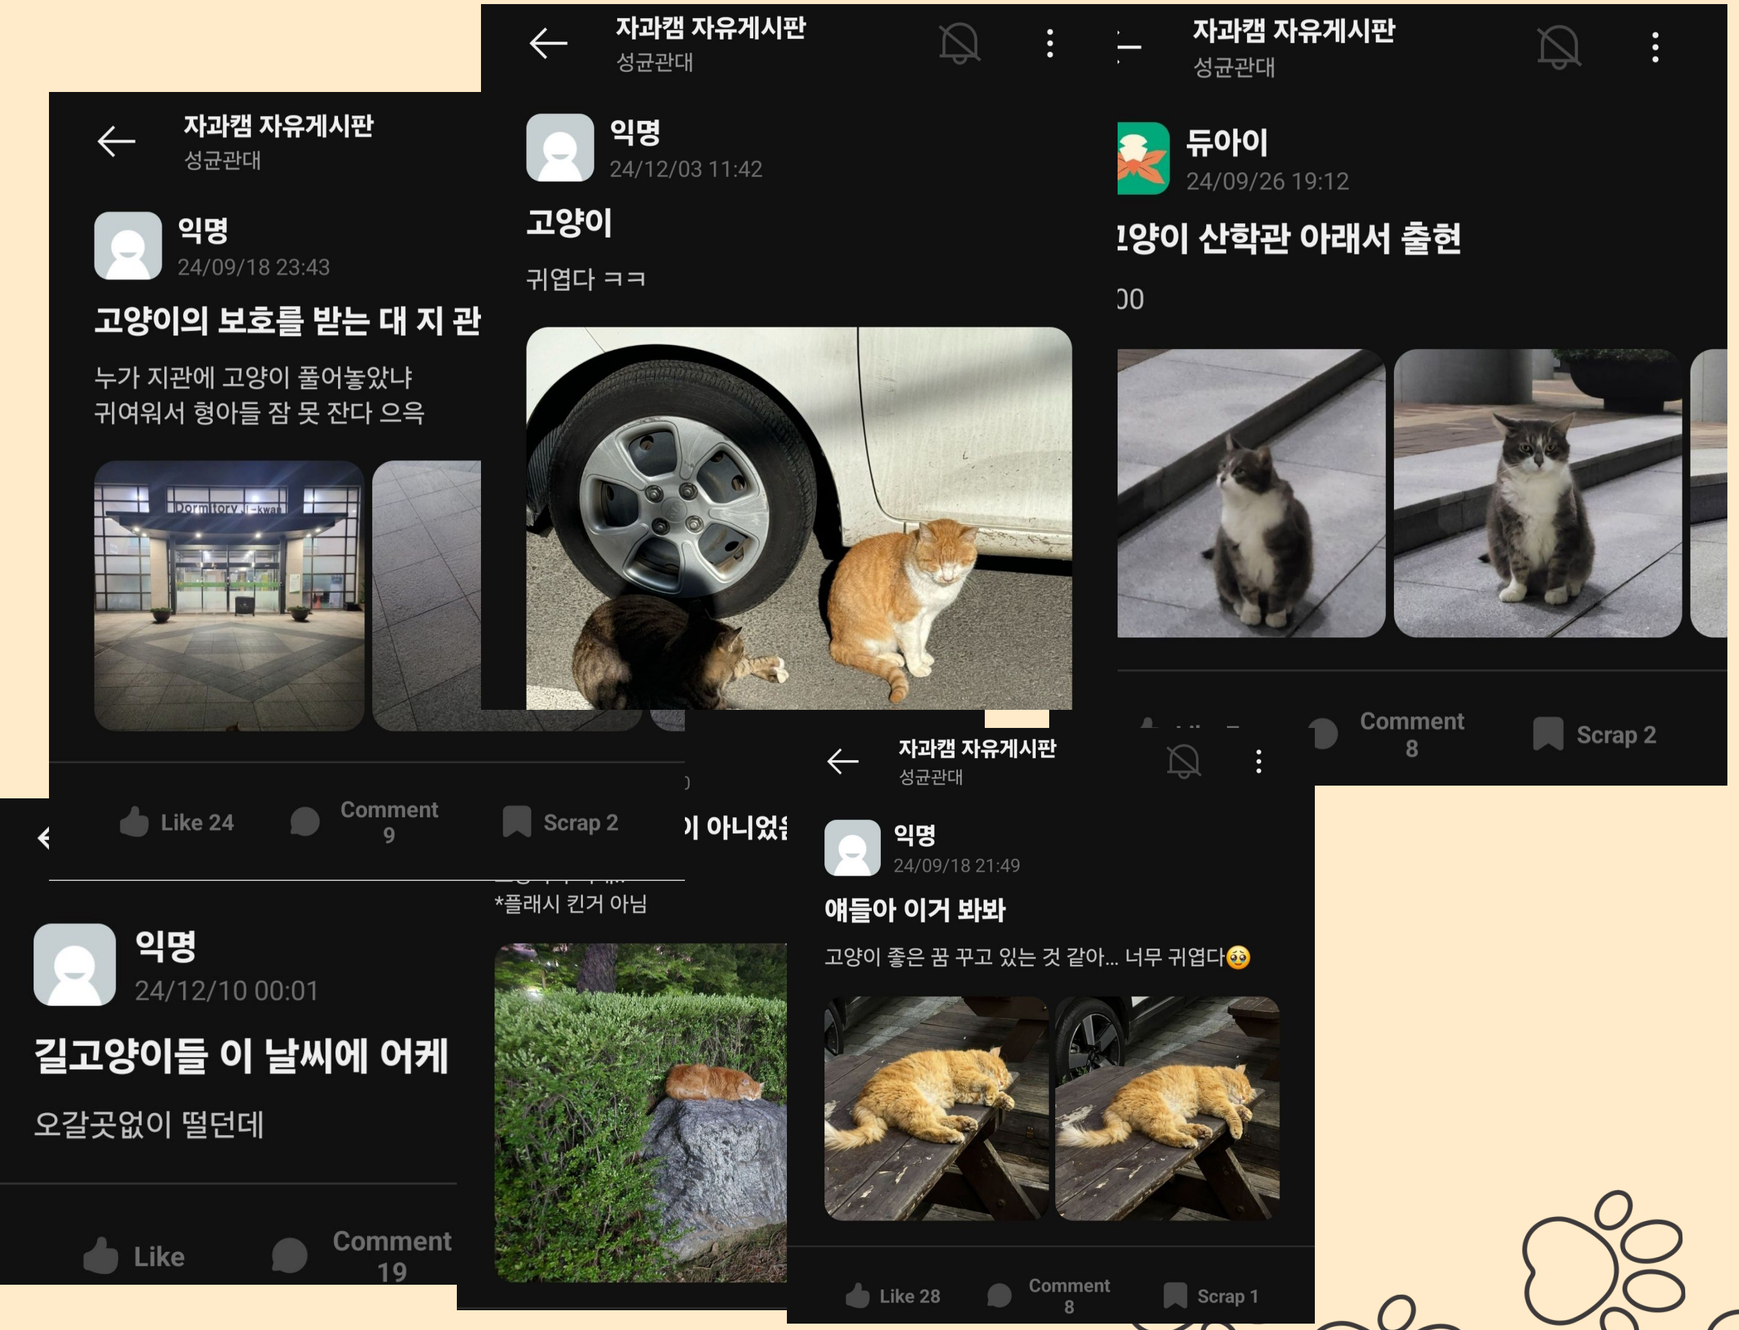
- **Loneliness & Stress**
- No Pets Allowed in Dorms
- Need for Animal Interaction

What This Project Is About?

- **'Campus Cat' Care Community**
- Pet Sitting
- Emotional & Social Connection

Why It's Meaningful ?

- **Mental Health Support**
- Build Responsibility & Empathy
- Campus Community Bonding



Background

Campus Cat's receive a lot of attention!

Is there a way to create a campus community to care for them???

1. ‘Campus Cat’ Community

What is it?

Caring for campus cats!
It brings together students to ensure the cats' health and safety -> sustainable care system.

01

Feeding Stations

- Set up in designated campus areas
- Provide **food and clean water** regularly

02

Shelters

- Protect cats from harsh weather conditions

03

Awareness & Education

- **Share information** through social media
- **Campaigns** to improve public perception

돌물보호시민단체 KARA
대학 길고양이 돌봄 사업

How to join?

Easy to Join - All you need is a caring heart !

01

Join regular volunteer care activities

02

Follow the cat's updates

03

Support through food or monetary donations

2. Pet sitting/ walking

Pet Sitting Matching

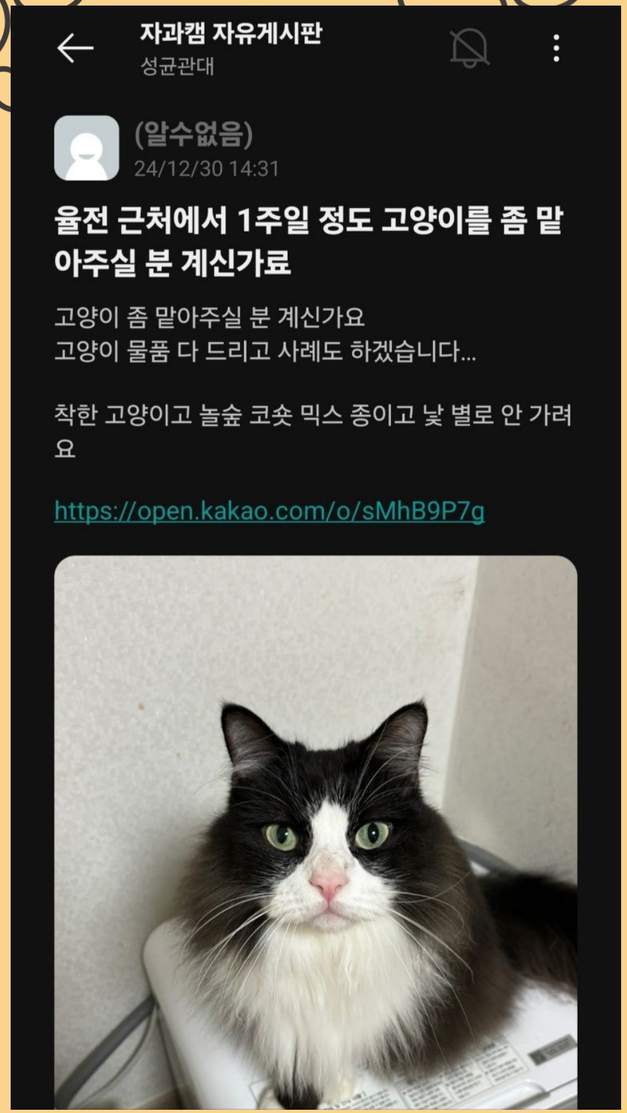
"I have to go on a trip and have to leave my pet behind!"
-> Users can have trusted students pet sit while they're away!

Trust-Based System

Only user **with verified care levels** can offer pet care

Trust Evaluation Criteria

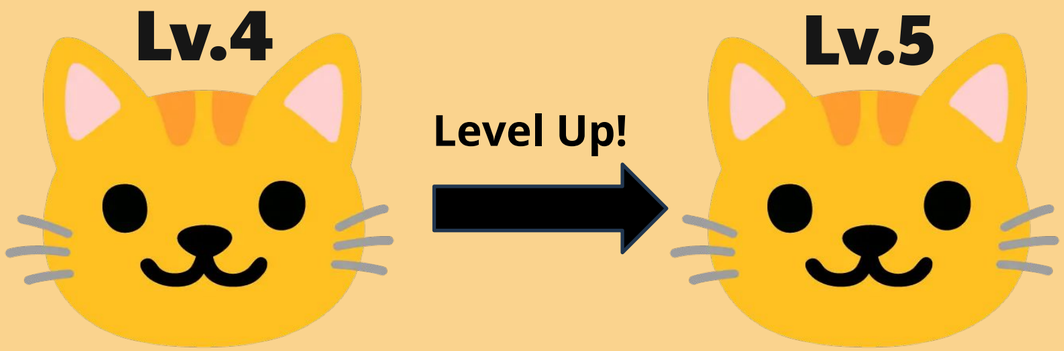
Care Level Requirement: **Level 3+** required to apply for pet sitting
Review System : **Ratings & feedback** from pet owners
Verification Badge: To person who done more than 3 times pet caring



Level System

Caring Pet

- Feeding Station
- Volunteering
- Giving Chur



The more you care, the higher your level gets!!

Similar to **Daangn's manner score!**

3. My Petstagram

Post your Pet

- Share your Pet's Cute moments!
- Communicate with other Pet owners!
